

Multi-Access Edge Computing (MEC) Overview

COURSE OUTLINE

Course Details

Name: Multi-Access Edge Computing (MEC) Overview

Module 1: Introduction to Edge Computing

Topics discussed in this module are listed below:

- MEC Benefits
- MEC ETSI Framework
- MEC vs C-RAN
- MEC Standardization Bodies

Module 2: MEC Architecture

Topics discussed in this module are listed below:

- MEC in 5G System Architecture
- Mobile Edge Host
- Mobile Edge Services

Module 3: MEC Use Cases

Topics discussed in this module are listed below:

- Augmented Reality
- Intelligent Video Acceleration
- IoT Gateway
