

5G Network Slicing Overview

COURSE OUTLINE

Course Details

Name: 5G Network Slicing Overview

Module 1: Introduction to Network Slicing

Topics discussed in this module are listed below:

- 5G Scenarios
- Network Slicing in 5G

Module 2: Network Slicing Architecture

Topics discussed in this module are listed below:

- Core network
- Transport network
- Radio Access network

Module 2: Network Slicing Procedures

Topics discussed in this module are listed below:

- Registration
- Slice Selection
- Session Establishment
